MEET CASANDRA….Cassie, to her good friends! This exceptional, 3 yr old, b/w, 13 lb, Lhasa/Tzu mix has a stellar temperament. She came from the Carson Shelter a matted, disheveled mess. She is a great combination of energy and cuddle…she loves to take you for a walk (could use training on the leash), loves to run and play; but she also loves to snuggle into you! Cassie would be a wonderful jogging or power walking partner! She is a bit fearful of men, but just needs more socialization. Not an aggressive bone in her. Cassie is all about routine. Once she gets into a pattern, she is easy going and happy. When she needs to go out, she will look at you with her big brown eyes and you will know! She does NOT like being left alone, so another canine in her life will be the best fit for her…and, of course, you. Kids over

8 yrs old would be great. Cassie is a special, well mannered girl who will love and adore anyone who loves and adores her. Is that you?
