Sex: Male

Weight: 7 lbs

MEET DOOLEY...who hails from the East Valley Shelter and nobody came to pick him up ☐ This precious, 7 lb, liver/cream colored, 4.5-5 yr old Maltese/Shih Tzu couldn't be friendlier if he tried! From the minute we met, Dooley came over to me, jumped in my lap and gave me kisses! For the first week we had him I never heard him bark! Now, joining in the choir with the others, I've heard him bark just once or twice. He's like a cat!! Unlike most of the dogs who we take, who have some medical or behavioral issues...Dooley is about as perfect as they come! Loves other dogs, not sure what to do with toys, bonded to foster like superglue and hasn't stopped following them around! Dooley is soft as silk and we don't think he knew what a belly rub was

before he arrived. He loves to snuggle and be as close as he can to you.

Dooley loves to cuddle and give kisses and just let you know how much he appreciates having a roof over his head. His potty training seems to be pretty good...he loves long walks and takes his time sniffing and smelling every tree, bush and flower before he decides where to go! He is portable enough to take everywhere with you...he definitely isn't a "leave him alone" kind of dog. Therefore, a work from home family (kids over 5 ok) and/or another small, playful dog would be in order! Does Dooley Dog sound like a good fit for your home? WE LOVE HIM!!!
