

Abby

Breed: Shih Tzu/Yorkie

Age: 10 yrs

Sex: Female

Weight: 7 lbs

*****ADOPTION PENDING*****

MEET ABBY...our petite, very sweet, special needs girlie, who just wants to kiss you all day long! She's 10 yrs old, sight impaired, about 9 lbs and a mix of Shih Tzu and Yorkie. She does have dry eye, which is being treated, and we believe she sees shadows – gets around well and loves to “stroll” on her walks. You won't be getting 10,000 steps in, but she does her business outside mostly and seems to really want to please. Still can have accidents; be patient!! We can't say she is potty trained because we never guarantee, but she will use a pp pad if

necessary – otherwise, she holds it!!! No promises at your house tho ☐ She is a great eater (likes the kibble on it's own...but we like to add "extras" for her).

When Abby arrived she smelled like she had been attacked by a skunk! And, her mouth was a little funky too! She had lots of teeth pulled, and now she is fresh as a daisy!! Now that she has had her makeover, she is stylin' and we just need to find her the right outfit to complete her fashionista look! She is quiet and doesn't have any of the negative attributes of yappy small dogs. She just wants to be loved and love back. She will show you by kissing you as long as you will let her!!

What this little lady needs is a forever home to treasure her – and a few furkids to show her the way! She wants to be part of your pack...are you ready for a little happy spirit to join in and be complete? She's waiting...
