THIS IS ATTICUS...and this poor baby was just a mess when he came to LHH. He is a beautiful dog, tri colored, 3 yrs old, 14 lbs and Shih Tzu! Atticus came from East Valley Shelter, with a severely broken leg, which needed to be plated, along with several broken ribs. Despite his discomfort, he was a gentleman and was able to move around more than he probably should have! The first vet was supposed to plate his leg and put a pin in and it broke ☹ We ended up taking him to ASEC, where he had a bone graft done and we hoped that it would grow bone. Unfortunately, the damage was so severe that we had to amputate the leg. I think it hurt us more to do that than it did him! Atticus is a wonderful boy and doesn't have a speck of aggressiveness in him; he loves everyone. Well, we've learned that he can be a bully

on walks, so he'll need some training in that area! He s
already playing around and getting used to being a tripod! He
just loves life! He seems to be potty trained, but you know we
never guarantee!! He is a very special boy, with a very loving
temperament. He loves other dogs and would love to have a few
to play with! Do you have a place in your heart for Atticus?
He will be available for adoption by November 4.
