

# Bentley

**Breed: Lhasa Apso**

**Age: 9 yrs young**

**Sex: Male**

**Weight: 20 lbs**

MEET BENTLEY – a young spirited 9 year old, gold/white parti colored, 20 lb, gorgeous purebred Lhasa Apso, with full AKC registration. He's been with the same family since he was a puppy and has been loved and cared for. Unfortunately, life changes and BentleyHe is independent but also loves to snuggle and give kisses. He enjoys leisurely walks and running in the dog park. His favorite activity is relaxing in his bed, but he's an excellent guard dog and will bark when strangers are at the door. After all, the Lhasa job was guarding the Buddhist temples! Bentley would thrive in a peaceful home without children, as he doesn't appreciate the chaos anymore. He is ok staying at home during the day for a few hours, but loves to come along with you to work. He is the happiest when he has

gotten enough exercise (walks and runs at the park) and cuddles, two things that he is currently lacking in his current home. He will make an excellent companion in a mature household and any family who adopts Bentley will be a blessed one!
