THIS IS CALI….cute as a button, 7 yr old, 5 lb, cream colored Maltipoo, with the sweetest personality EVER! We're still not quite sure why she was given up to us by her owner, except they didn't want the responsibility of a little dog. Her family didn't send ANYTHING with her, not a bed, not any of her food, not even a collar or leash! If Cali were my dog, I never would be able to part with her – and we've only had her a few days! She is absolutely precious and just wants to be loved. She loves to cuddle, kiss, play with you and ruff and tumble on the bed! She has a very cute little bark when she wants to get your attention! She is good with other dogs, would be fine with respectful children (she is very small and could get out easily) and she aims to please. We've gotten Cali spayed and updated on

all her shots…she is ready, willing and able to go anytime! It will be hard letting her go, but we want the very best for her…a pocket pooch she is and one she should always be! Could you love Cali?
