Cassie

Breed: Maltipoo

Age: 3 yrs

Sex: Female

Weight: 11 lbs

*****ADOPTION PENDING*****

MEET CASSIE….a precious, 11 lb, cream/gold, 3 yr old Maltipoo who came from the West LA Shelter terrified. Nobody could get near her. We could tell, just by watching her, that she was just scared. She has not growled once at us, but she still is quite timid and afraid at first meet with strangers. That only lasts a second until she knows you are a friend! We don't know what her history was like, but we know she does respond to love with lots and lots of kisses and cuddles! Cassie is a good eater, although particular about her treats (also at first). She seems to know where to go potty – either on a pad or outside for the most part. We can't guarantee that she is potty trained

though! She is great with other dogs, she even cleans her foster buddy's ears! She does like to hump, and this needs correction! Cassie is a wonderful pup and her family should be active, have another dog and want to spend lots of time with her. She is very special and deserves a very special home…is that with you?
