

Chablis

Breed: Shih Tzu, Maltese, Terrier

Age: 2 yrs

Sex: Female

Weight: 10 lbs

MEET CHABLIS...who is sweet like a cool glass of wine! This little angel came from South Central Shelter as a stray and was petrified at the shelter. She is about 10 lbs, white/golden, about 2 yrs old and as best as we can tell, a Shih Tzu, Maltese, Terrier who doesn't seem to shed! She can be any breed(s) you want her to be! Chablis is still a little shy when you first meet her, but once she is settled, she loves to play ball, with her toys and you! She has been trying to get her foster friends to play with her, but they aren't interested! She will need a little help in the potty training department, but her foster moms are doing a great job! Who knows what her past was like, but we don't think it was happy. She is blossoming and coming around – loves to give gentle little kisses and is not yappy or

a big barker. She would fare well in a home with older kids (8+), a dog or two (needs canine companionship) and a family who can train a small, young dog. Chablis is a sweetheart and just needs love, as they all do. Do you have extra love to spread around?
