CLARA is an approx. 5-year-old, 18-lb, cream/tan Terrier mix. Her hair is a fun mix of silky up front and wiry in the back. Clara was found on the street three years ago and is very happy to be in a loving home. Unfortunately, she doesn't like sharing her human with the other dogs in the household, so her current mom needs to rehome her. She is super affectionate with her people and their friends, all of whom she greets and interacts with joyously. For Clara, cuddle time is the best time. She would be happiest in a home where she's the only dog, getting

all the attention, and her people, or person, have lots of time and affection to give her. Clara is trained to use a potty pad when no one is home to take her out. She is spayed and will be updated on vaccines before she goes to her new home.
