

# Cobie

**Breed: Shih Tzu/Chihuahua**

**Age: 5 yrs**

**Sex: Male**

**Weight: 10-11 lbs**

**MEET COBIE...a silly, "Ooo so much fun," black and white, 10 lb, wiggle-butt, 5 yr old, Shih Tzu/Chihuahua. When he was at the shelter, nobody knew what kind of dog he was!! He looked like a little fuzzball! Our fav!!**

**But now he looks like the pictures in his profile and he is one cutie pie! My nickname for him is 'little sausage!' He's a very happy dog... he came to us with a terrible case of kennel cough, which we learned was pneumonia, but now he's on the mend. He will be available at our July 25 event (we**

hope). Cobie loves other dogs because he loves just about everyone and everything! We think would prefer going to a home where there is another, playful, fun doggie! He does love to play!! He is funny to watch with toys!! We don't suggest him going to a home where there is no activity because he has a lot of energy. He loves to go for walks, he loves kids and to hang out, he be great at a sporting event, and he's a little guy so he's relatively portable! Kids would probably find him very entertaining, he's a really funny little guy. We can't guarantee that he's potty trained but he's done pretty well with us. That being said, always figure you're going to have to retrain them and be delighted if you don't! I think no matter what you do there's no way to not be delighted with little Cobie... So if you have a little bit of extra space at your house, he just might be the perfect fit!
