MEET THE DESSERT LITTER!!! Donut is the final puppy...the family who was going to adopt him changed their mind at the last minute and got another puppy~! He is a Maltese Terrier (as best we can guess) and will be 11 weeks old when he goes to his forever home. If you are interested, please complete the online adoption application but read his criteria first because we cannot respond to applications that don't meet the required

needs.

Donut (2.13 lb) was the biggest of the three (by ounces!), a male puppy who is absolutely the sweetest. He LOVES to play with each of his sisters and is also very aware of them and their size. He will be very playful with any pup...but we prefer a small sized dog who will show him the ropes. His weight was taken two weeks ago and we haven't had him on a scale since @8 weeks...he is growing and getting fluffier every day!

Donut has been exposed and is probably good with cats – Kids over 8 yrs old welcomed and wanted! A commitment to “puppy hood” mandatory! He will be available to go home on Sunday, January 27, 2019. His adoption will take place at our event @ 2116 Main Street in Santa Monica, 11-2:30p.

The adoption fee for Donut is \$375 plus a neuter deposit of \$250, which will be refunded once he has been fixed (@ 6 months). He will come with two sets of shots, microchipped, dewormed, collar/leash/ID tag. He is a doll!
