INTRODUCING DUNCAN….a sweeter than sugar, ~10 lb, white, 2-3 yr old Maltipoo, who hailed from the Moreno Valley Shelter. We didn't get a back story on him, but one thing we know for certain – Duncan LOVES to have a good time! He will play with you, dogs, probably cats and anything that will play with him. He makes the cutest little squeaky sound with glee instead of barking when he is playing! He is just adorable when he does pattycake on his hind legs and tries to engage his foster buddies! In other words…Duncan is a very entertaining, happy boy!!

The one thing about Duncan is he is very busy and needs exercise, so we believe he would be best in an active home with kids (over 5 yrs old), a yard and a family who pays a lot of attention to him. Training should be on his forthcoming agenda, as you don't want him to bolt out of the front door thinking that this is part of the game!! He's a good eater and really lovable. The cutest thing about him, and there are many….is he kisses every dog he meets!! He loves to jump on your lap and kiss you, also! He would love to join you for sporting events or brunch or anywhere you will take him!!

If you are a happy family, looking for a happy dog, who have another young, playful dog to entertain Duncan and everyone else….he's waiting for you.
