MEET ELLIE….a precious, 14 lb, cream colored, 8 yr old Terrier mix, with a Maltese pink/black nose, Westie ears and who knows what else! "I know, I know…I don't look like the other hairy beasts on this page…but look at my ears!! It's very nice to meet you (as she reaches to shake your hand)!" She may not be as 'pretty,' but what she loses in the fluffy category, she makes up in the sweet personality category! We really love her! Ellie was found on the streets of San Bernardino. She had a few lipoma on her back which were not very attractive so we had them removed, and her teeth were gnarly, so she had a dental. Her hair grows very slowly, but it is VERY thick! Ellie loves to go for long walks…she does her business where she is supposed to, she is quiet, but she will bark to protect you or at strangers she isn't sure of; and she is very playful with you and squeekies! Not so sure what to do with toys, but she loves them with you! She is sooooo cute when she puts her paws on your chest and kisses your face!! She gives gentle, lonnnnng kisses and is happy to get a belly rub! Ellie is very well behaved and longs for her forever home. She is fine as an only dog and is okay a few hours alone. She is a sweetheart and deserves to be loved 10000000000000%. Could YOU be the one for HER?
