MEET ELSA...a ridiculously cute, snaggle-toothed 11 lb, tan/black, 2 yr old Shih Tzu who came to us from SEAACA Shelter. Much to our surprise, she looked pregnant and had milk!! False alarm, thank goodness!!! Elsa took it all in stride, continuing to be the adorable, loving, happy go lucky dog she is. She loves to play tug'o'war, with her toys and with you!! Like a puppy, she can be a little mouthy, but all in fun. It's usually when she gets excited, but may not be OK for a little one under 8 yrs old. Elsa is a lover, so if you don't like kisses, you won't like her! For a "little," she is bold and can hold her own with the other pups! Elsa should not go to a home with children, as she can be snippy at times. The ideal home for Elsa would be one where she gets tons of attention and she MUST have another

canine to play with. Is there room in your arms to cuddle this angel? She's waiting for you!
