MEET EMILY...a sweetheart, who came to us from SEAACA Shelter, in heat, with kennel cough (so they didn't spay her)...so it has been hard to get a reading on her! This 10 lb, 1-2 yr old, charcoal and white Shih Tzu/Maltese, as best as we can guess, is a doll.

She gives gentle little kisses to let you know she appreciates being out of doom and gloom! She doesn't walk well on a leash yet, but she does better walking with a canine buddy...we think she would prefer checking out your yard and relaxing in the fresh air. She will be available on August 27th. Emily will need a home that lacks chaos, as she is pretty calm and easy going (so far). We believe that she needs another dog to socialize with and bring her out of her shell. She doesn't like being left alone for long periods of time. When she gets

excited, she kisses like there is no tomorrow and loves to cuddle with you. No matter what, this doll is a love button and would be great with other dogs, kids (over 8 yrs old) and a doting home. Does that describe you?
