MEET ENZO...a 12 lb, cream/tan, 2 yr old, adorable Shih Tzu who came to us via SEAACA shelter. It's a shame these pictures don't show how absolutely adorable Enzo is! Not nearly as photogenic as he is in person! This little, high energy, soft as a marshmallow coated boy can jump 3 feet in the air to kiss you! He is absolutely enthralled with toys and has a blast playing with them and other dogs. Enzo can be a bit of an escape artist, so you need to watch the door when you open it. He just loves being free!! He would LOVE to have a yard to play and run around in with another dog and kids. He loves everyone...even the little ones. Enzo seems to be potty trained and pp pad trained but no guarantees at your house. He will cry if you leave him alone, but does settle down. For this reason,

we don't think he would be best suited for apartment living.
This little munchkin will make a family very happy...kids over
8yrs old welcomed and appreciated! Just don't leave the door
open!!
