Age: 3-4 yrs

Sex: Female

Weight: 10 lbs

MEET FEATHER....sweet and sensitive, light and airy at 10 lbs, this grizzle colored, 3-4 yr old Shih Tzu Mix is a sweetheart. You do need to know though, if you don't like your face washed by a puppy's tongue, this girl is not for you! When Feather bonds with you, she bonds like strong Velcro~she is a very people oriented girl. So far, we have not heard her bark much, so she would be fine in an apartment. However, she does not like being alone much, so a companion dog when you aren't able to be around would be welcomed. She does not have separation anxiety that we can tell, but she does like company. When you look into her big brown eyes, how can you say no to her! She seems to be potty trained on PP pads and in general, but no guarantees. This little lady would love a home where she is doted on and loved. She is a big cuddler and wants nothing more than to please you. She is still coming out of her shell so we'll

update as we learn more!
