

Feta

Breed: Maltipoo

Age: 2 yrs

Sex: Female

Weight: 11 lbs

MEET FETA...who is very white, just like her namesake! Feta is an 11 lb, very active, 2 yr old Maltipoo, who loves to give kisses and LOVES toys. Below is a picture of her at the shelter, who took it upon themselves to shave her to the bone!

She is a sweetheart, without an ounce of aggression in her that we've seen! Supposedly, she nipped the person who grabbed her off the street, so she was deemed rescue only... but she is an absolute love bug. She loves to go for walks but is a little anxious in the car and prefers sitting on a lap during the ride.

Feta seems to be pp pad trained, but we do not guarantee anything at your house! She is not a yappy or barky dog...she is

busy though, especially likes bestowing lots of kisses on her people! Training will do her a world of good, but she is smart and wants to please. She has the cutest expressions and would love to show them to a family, with kids (over 8 please), another dog who is young and playful and a yard for her to explore. Sound like anyone you know? Feta is delicious!
