

Filo

Breed: Lhasa Apso

Age: 2-3 yrs

Sex: Male

Weight: 14 lbs.

THIS IS FILO...and his personality is the best! This charcoal/white, 2-3 yr old, 15 lb, (purebred) Lhasa Apso (in our opinion) dispels all the "quirky" things you hear about the breed. Filo is a DOLL. He is easy going, loving, kissy, happy and a cuddler. This poor baby was attacked by a German Shepherd, who injured his eye so badly it had to be removed ☐ Unfortunately, instead of taking him to a vet, his owners dumped him in the shelter, matted to the bone ☐ Filo took it all in stride. He is a little head shy at first...he will bury his head in your body and snuggle with you instead! He is great on walks – in the car – with other dogs – with people and even children over 8 yrs old! Filo would like it best to go with another dog as a companion as he does not like being left alone

- doesn't have separation anxiety, he is just very human oriented and likes being with his peeps. Filo is a mellow fellow but is also playful and loves his humans. Don't let that cute little face fool you...he's got a little "naughty" in him too (he likes to re-arrange stuff!). Not a bit of aggression in this Lhasa boy. Do you have room in your home and your heart for a "one eyed boy who sees all things"? He's waiting for you!!
