

Finn

Breed: Lhasa Apso mix

Age: 2-3 yrs

Sex: Male

Weight: 12 lbs

THIS IS FINN – a 12-lb, 2-3-yr-old, cream-with-black-tips Lhasa Apso mix. This kissy, soulful-eyed boy is a total lovebug! He always wants to be where his humans are – including at bedtime.

He's a snuggler! Loves toys. He will bark to alert his humans that someone is at the door, but is otherwise not vocal. Finn's foster family has been working on his housetraining, but he'll likely need some time to adjust to a new environment. His new home should also include another small, playful pup for companionship. He loves to play! He is great with kids who are respectful of doggies (over 5 years old, please) and would love a family to call his own! Could that be with you?
