

Finneas

Breed: Lhasa Apso

Age: 2-3 yrs

Sex: Male

Weight: 18 lbs

INTRODUCING MR. FINNEAS...(Finn or Finny to his close friends and family), and a kinder, handsomer, sweeter tri colored, 2-3 yr

old, 18 lb, Lhasa Apso you won't find anywhere!! We have absolutely fallen hard for this wonderful boy! Finneas is kissy, loving, attentive, "probably" potty trained (no guarantees at your house), quiet, cuddly and affectionate. We can't say enough about this loverboy.

Finneas came to us from the Palmdale Animal Shelter with a horrible case of pneumonia and was sick for almost a month. Despite being very ill, he ate like a champ, snuggled like a baby and went for walks like he was 100% healthy...except for that horrible cough ☹️ Now that he has been groomed and is all better, Finneas is acting like a puppy! Loves to play, chase after toys (but we're working on what to do once he gets them!) and engage with others – whether they are people or other dogs. Finny loves everyone! He is well socialized and his favorite thing to do with you is get his belly rubbed!! That, and show you all his appreciation for caring for him.

This is a special boy and we really want him to go to a special home. IDEALLY, that would be a family with kids over 5+, a home with a yard, parents who work from home and/or don't leave him alone for hours...and a canine companion who he can fun around with. We can dream!! This isn't the only scenario we would consider, but two out of three elements would be very appreciated. He doesn't have separation anxiety, but he is the kind of dog you want to be with you to go on errands...to sports events...brunch on Sunday...he's your "go to" guy. So Cal adoption only. Does Finneas sound like a pup you could love for life? Let us know!
