MEET FRANCIE – a 1.5-2 year old, 10-lb, gold-and-white Shih Tzu mix! Little Francie came to us from the Carson Shelter. She is very shy at first, but she's beginning to come out of her shell.

This girl loves to cuddle! When you least expect it, she will land on your lap! If you don't want a dog to snuggle up in bed with you, then Francie is not the pup for you. She did not know how to walk on a leash when we first got her, but she's learning. She loves to play with other dogs, but she can be a little possessive of her human, which is understandable.

Francie does not like being left alone, so she must have another dog in her forever home. She wants to be a member of the family. Could that be with you?
