

Franco

Breed: MaltiPoo

Age: 1 yrs

Sex: Male

Weight: ~5 lbs

**INTRODUCING FRANCO...fondly known as "Franco American Spaghetto"
!! This tiny, mostly black with a white goatee and crest on his**

chest, under 5 lbs, 1 yr old Maltipoo (yes, there are black Maltipoos) is VERY petite, sweet, gentle, kissy and extremely affectionate. His kisses come to you at warped speed and he just loves being snuggled. Franco came to us so matted that he weighed in at over 6 lbs, but once he was groomed, he is just a speck of a pup! He is underweight and so we are trying to fatten him up just a little – a little tooooo skinny!

When Franco arrived, he was having accidents and we came to find he had a parasite, which has since been treated; and he is now healthy, active and a joy to have around. No accidents in the past week, but we never guarantee at your house. One thing we can tell you is he doesn't lift his leg and sometimes stops in the middle of his walks, which he loves, and does his business! He is very quiet and does not suffer from separation anxiety – but he does love to be with his people. He is good with other dogs – doesn't really know that he is only the size of a blink – but you have to be careful that other dogs don't trample him!

The ideal home for this wonderful pup would be one where he gets a lot of attention and gets to go everywhere with you. While he doesn't have to, he bonds very quickly and we believe that would be his heart's desire (and ours!) He would be good with older, gentle, respectful kids – and will be happy to play, lay and cuddle! We can't say enough about this angel. Does he sound like he might fit into your pocket and go everywhere with you? He probably would not be happy in a senior home ☐
