MEET FREDDIE...and yes, his mom is Snookie! This petite, sweet, funny, 4 yr old, 10 lb, gray/brown, Shih Tzu Terrier (yes, mom is a Shih Tzu) needs to find a new home because his human was on life support (and has since passed) ☐ He came to us with his mom (below) and his sister Pinky.

Freddie is a very well natured boy. Loves everyone, men/women and other dogs. He is hilarious zooming around the house and yard with his canine pal, George. There is no question, while

Freddie can be a couch potato (perched, of course), he loves other dogs and wants one of his own – young and playful! He is uber affectionate, kissy, loves toys; we think he is even good with cats (he doesn't chase squirrels). His potty training, with many walks outside, has been good – only one accident – but no guarantees at your house! Freddie loves to look outside and may even whimper to get out and play! This soft, non shedding, little scruffy is a real sweetheart and deserves whatever his heart desires. That might be you...are you a fit?
