****GABI NEEDS A HOME WHERE THERE IS ANOTHER YOUNG, PLAYFUL DOG.
Please do not apply if you don't have one!**

MEET GABI...a 10.5 lb, 2-3 yr old, white, Bichon Poodle, who wandered around the streets for several weeks before anyone could catch her. When our rescue team caught up with her, she walked right up to them and the rest is history! Gabi is young, was intact, no microchip or collar, and she was scared to death. She was very reserved and hid when she arrived, but she has definitely come out of her shell and now actively asks for cuddles and love!

Once she trusts you, Gabi is a happy, playful puppy. She loves her squeaky toys, looking out the bay window, and play-wrestling with you! She can be shy when meeting new people but warms up very quickly. giving tons of kisses! When she sees a dog she doesn't know she can be nervous; but after she spends some time with them she relaxes. Another self assured, playful dog in the home is essential to help her gain more confidence, but she really does love to spend time with her human; doesn't love being alone. Gabi seems to be potty trained, but no guarantees at your house...she is even starting to learn some commands!! She has really come a long way! She has the most adorable big, brown puppy-dog eyes and she definitely knows how to use them to get lots love. Gabi would be great in any, active, playful home – probably not a good fit for a senior.
