

Gremlin

Breed: Shih Tzu

Age: 3-4 yrs

Sex: Male

Weight: 11 lbs

MEET GREMLIN...the cutest, patootiest, sweetheart of a tan/black, 3-4 yr old, 11 lb, Shih Tzu you will ever meet...who can hold his own with big dogs, little dogs, big kids (adults) and little kids (over 5 yrs old please)!! He came from the Riverside Shelter and hasn't looked back! He is great with everyone! The one thing he does not like is being alone ☹ He does not have separation anxiety, but he likes canine companionship if he can't have you. He definitely should have a canine buddy because he loves to play! That being said, he will softly howl sometimes until you return! He is a very confident little buddy, but not so much as to get himself into trouble. His foster pal is a 100 lb Malamute (not ours, his foster mom's). He is learning to be potty trained and doing well, but no

guarantees at your house. Put him on a schedule and he aims to please. Gremlin is a LHH favorite...is there a possibility he could be yours? Local adoption only.
