MEET GRETA! This little 10 lb, 4-5 yr old, red/cream/black Shih Tzu / Brussels Griffon mix came to us from Inland Valley with terrible skin and ear infections, but with proper treatment and good food, she's right as rain now!

The shelter said that she wasn't eating and was emaciated – she obviously didn't like their food, because she chows down here!

Greta came to the shelter matted and a mess. You will notice she has a chevron on her back where her coat has grown back a different color... It is coming in softer and cream colored!

Greta is a great little lady who just loves loving and being loved. She can be a little human-possessive, so she'd probably prefer to be your one and only pup. She seems to be potty trained and does her business as soon as she goes out, but no

promises at your house. We have never heard her bark! If you are looking for a dog who is a love and wants to give it all to you...Greta is your girl!
