

Harlow

Breed: Lhasa Maltese

Age: 2 yrs

Sex: Female

Weight: 13 lb

THIS IS HARLOW – our version of a blonde bombshell!! This stunning, blue-eyed, cream/tan, 13 lb, 2 yr old, Lhasa Maltese baby girl, despite her beauty, is a first-class tomboy! She came all the way from the Moreno Valley Shelter, looking nothing like she does now! Passed over at the shelter for reasons we can't figure out, she is as sweet as she is pretty! Playful, loveable, kissable, playful, happy-go-lucky, happy and did we say playful?? She MUST go to a home with an equally playful puppy...because she would not be happy in a sedate home! She needs a yard and a family! Harlow can be a little protective of her food, but she does not have an aggressive bone in her body! With training, she will be the perfect companion, running mate, and lovebug – just make sure there are enough toys on hand and

access to outside and she will steal your heart! Is there room at your house for Harlow?
