

Hattie

Breed: Shih Tzu Mix

Age: 3-4 yrs

Sex: Female

Weight: 9 lbs

THIS IS MISS HATTIE...a cute-as-a-button, b/w, 10 lb, Shih Tzu Mix, 3-4 yr old who came to us from the Baldwin Park Shelter with a broken pelvis. More than likely hit by a car, she fortunately does not need surgery but does need time to heal.

Hattie is as sweet as she is cute! She is a good girl, gives little kisses once you have earned them and she is like a shadow, following you everywhere you go! She is trying to play with her foster siblings, but they are not letting her get too active because of her injured pelvis. It is obvious that once she is healed, she will want a canine sibling to play with! She would love a family who will dote on her and give her "lap" time! If you are looking for a cuddler, this is your girl...and she is getting used to sleeping and snuggling in bed with her

foster mom and dad! Kids over 8 yrs old are welcomed! We are still learning more about her so check back! Hattie won't be available until the beginning of October but please check back for updates on her personality!
