HAVEN will bring a little "haven" to your home and life. This sweet, delicate, 3 yr old, 10 lb, cream/gold Maltipoo, was petrified when she came out of the shelter. You could see the fear in her eyes, it was heartbreaking. Some time with LHH, lots of love and reassurance has helped her come around, but she is still blossoming more and more each day. She has the cutest overbite, little brown nose and pink around her eyes that makes her very unique looking. Haven LOVES to cuddle and give you sweet little whisper kisses to let you know how much she appreciates you. She is now happily going on walks, but she prefers pp pads or a yard of her own to do her business. Haven will need another dog for companionship in her forever home. Her home will need to have patience with her and give her time

to know you and when she starts coming to you and wagging her tail, it is the best feeling in the world. She is not snippy or aggressive, just very shy at first. Haven is the kind of dog you will want to take everywhere with you. She is so well behaved...she is just an angel. We all need a "haven" to go home to...might this one be yours?
