MEET JULIE...a precious, 11 lb, liver colored, 2-3 yr old Shih Tzu, who came to us from the shelter with a broken leg and pelvis. Although she was likely in a great deal of pain, she has been loving, kissy and a real trooper through it all. Even with a cast on her leg, Julie has managed to shuffle around and to worm her way into every heart she comes near! However, she is a bit shy of men at first, but she gets over that pretty quickly. She would be wonderful in a home with older kids (over 8 yrs old) – the most important thing is that she be with a family who won't mind her following them around...or snuggling with her in bed! She is smart and wants to please, and she is treat motivated so her training should be appropriate. While she isn't 100% potty trained yet, she is on her way and should

do well with outside access. She doesn't ring a bell, but she does go to the door most of the time to let you know. Julie is a great little girl. She will be available beginning of February. Do you have a place in your heart for her?
