MEET KARMA...the kutest! This 12 lb, gold/white with black tips, 5 yr old Shih Tzu is a dream dog. She is happy-go-lucky, loving, loyal and just a ragdoll, affectionate girl. She came to us from the South Central Shelter with a bad ear infection, molars that grew in sideways and two nodules on her belly, which turned out to be benign mammary tumors. Nothing serious; all have been corrected. It is obviously that "someone" recognized her adorableness – she was bred a few times and then just kicked to the curb ☹. Well, those days are over!! Why she wasn't adopted is a mystery to us, as she is as endearing as she is precious, with a brilliant disposition. Karma could go to almost any home, except one where she would be left alone all day. Kids over 8 yrs old would be great. She is very human

oriented and loves the company of canines...but as long as she has company, she is happy! She seems to be potty trained, but no guarantees at your house! She is quiet and smart; listens and wants to please. This is the part of rescue we'll never understand – why these dogs are given up! However, if YOUR karma is as good as HER karma...you will be the lucky one to take her home!
