

Kassidy

Breed: Shih Tzu

Age: 5-6 yrs

Sex: Female

Weight: 11 lbs

THIS IS LITTLE MISS KASSIDY...and she doesn't photograph nearly as cute as she is. This little gold/white parti colored Shih Tzu is approximately 5-6 yrs old and 10 lbs. She is a protective little tomboy – she will bark at strangers on walks to let them know she is “large and in charge!” She is cautious at first but doesn't have a mean bone in her body. She does seem to like women better than men – it just takes her a little while to warm up and she is great with everyone. She can jump high...loves to cuddle...loves to play with you and her toys...this little angel just wants to be loved, with a roof over her head and a warm lap to visit. Kassidy loves her walks and does her business where she is supposed to most of the time! She would love to have a canine companion who will help to make her feel safe but does

not have to go to a home with another dog. She may have come from South LA but this little princess deserves a life of love and more love! If you have it to give, she's more than willing to take it! Does Kassidy sound like she would be a good fit in your home?
