**Breed: Cutest Terrier X Ever**

**Age: 1 yr**

**Sex: Female**

**Weight: 10.6 lbs**

This is KEISHA...and we really have no idea what breeds she is except the cutest Terrier mix we have ever seen! She is tri colored, 10 lbs, has a behind like a Corgi (tail) and adorable ears like a Schnauzer, soft hair like a Maltese and is fun like a barrel of monkeys!! She is a puppy!! She came from a hoarding situation in Modesto and the owner really didn't give us much information except they said she was kept in a crate since they have had her! We had to get her out of there. SHE LOVES BEING FREE!! She LOVES other dogs, loves to go for her walks (and is starting to know what to do on them), loves her people and definitely, without question, must go to a home with another very active dog who she can play with and bond to. She bonds quickly to "pals." She doesn't really know what to do

with toys, but she is learning. She will need training and we know she doesn't like being left alone (but she does settle down). Keisha is a loving cuddle bug, a little extra happy at this time, so she needs a forever home who will work with her to make her the best companion she can be. She is not a yappy dog but she will bark sometimes when playing. Do you have room in your life for lots of love and kisses and happiness? That's Keisha!
