

Kelsey

Breed: Maltese Pomeranian

Age: 3 yrs

Sex: Female

Weight: 11 lbs

*****ADOPTION PENDING*****

MEET KELSEY...a sweeter than pie, happy (but a little fearful at first) 11 lb, 3 yr old, apricot colored (liver) Maltese Pomeranian, as best we can guess! She does shed a tiny bit, but nothing much. Lots of "breed combos" out there...we can't keep up! This little girl was stowed away at the Barstow Shelter for...FIVE MONTHS!!! How this happened, we have no idea, but we were thrilled to come to her rescue. We asked, "so what's wrong with her...medical, behavioral, big barker?" Response: nothing! And, they were right. Little Kelsey is a peach! She will bark at strange noises...or her reflection in the mirror..."who is that, mom?"

If you are looking for a turn-key dog, who will kiss you until your face is spanking clean, cuddle with you and let you know you are the most important human in the world, Kelsey just may be your girl. Her foster says, "she is soooo chill." Kelsey will follow you all around, look at you with her precious eyes (now that her infection is cleared up) and you will know she's your girl. She is great on a walk, likes other dogs and all people and even kids. We would love for her to go to a family with kids, yard, someone who works from home and/or another dog...somewhere where she knows she will never be left behind again! Could that be you?
