MEET KNISH...an absolutely delicious 18 lb, 3 yr old, grizzle colored, Lhasa Apso Mix, who could not be sweeter if he tried. This poor guy was stuck in the shelter for three months while his owner tried to get her life together. Sadly, she was unable to get it together and he was released to rescue. Knish obviously was very loved, as he is just an almost perfect dog. He stepped into our home and fit like he had always lived here – same with his foster. You say you are looking for a cuddler? A snuggler? A kisser? Knish fits the bill on all counts! He had a couple of accidents in his foster home, but not after the third day! That being said, no guarantees at your house! Knish loves his toys, his people, all people, most dogs (can be scared at times of bigger dogs) and he would be great in any home but a

sedate one. He loves nothing more than to settle down and watch TV with you...or he would be up for a hike or a day at the beach. I have to admit, I wanted to keep this one (too)!! We want him to go to a very special home...where he will be loved to life. Might that be with you? Local SoCal adoption only.
