MEET MAC KENZI….a busy little 2 yr old, cream colored, 13 lb, Shih Tzu/Maltese mix. Mac is all puppy! She came to us from the Moreno Valley Shelter with a broken jaw, which is likely a congenital defect from a bad tooth. She has the most beautiful coat…soft and luxurious…and long, white eyelashes. She couldn't be cuter if she tried. But don't let those innocent looks fool you – she is full of mischief! You would never know she ever had a problem…she LOVES to chew, so hide your shoes and books/magazines!! She also likes to redecorate rooms if given an opportunity. This is why Mac must go to a home with another active, young, playful dog…she has energy to spare. She will be wonderful in a family with older kids (she still has playful puppy nipping), a yard, another dog and someone who will be dedicate to training her. She seems to be potty trained or will go on pp pads but no guarantees at your house! MacKenzi is a cuddler, kisser and just wants a buddy to play with! She will be a fantastic addition to the right family…maybe yours?
