Breed: Lhasa/Shih Tzu

Age: 9-10 mos

Sex: Male

Weight: 11-12 lbs

MEET MICAH...a brilliant 9-10 month old, tri colored, 11-12 lb, stunning Lhasa/Shih Tzu. He has a long body, Lhasa eyes – and

the sweetest Shih Tzu personality ever. I say brilliant because he is already walking like a champ on the leash (needs practice on full staircase), he is doing his business outside (he waits to go #2) – but no guarantees at your house. When he first arrived, this wasn't the case but he has been doing wonderfully. Micah did come to us with Parvo, but even when he was sick, after the first day he wanted to play! He is also just starting to lift his leg, but prefers the lazy squat! He is fully recovered and we don't expect he will have any future problems.

Micah LOVES to play, so another small, very playful dog MUST be in his future. He is quiet and doesn't suffer from separation anxiety that we can tell. He is EXTREMELY active, but also likes to cuddle up with you and get belly rubs, so the best of both worlds. He chases after toys but doesn't know what to do with them when he gets there. He will learn!!

The ideal family for Micah will be one that give him loads of attention and train him to be the best puppy he can be. He is very smart and learns quickly. He would be great with older kids (8+) and would love to go to sports events and activities with you. We typically don't take puppies but Micah is renewing our faith in them – he is fantastic and is just waiting for the perfect home. Is that you?
