

Mr. Miyagi

Breed: Shih Tzu mix

Age: 4 yrs

Sex: Male

Weight: 8 lbs

MEET Mr. Miyagi...who looked like a shih tzu in the shelter but they shaved him and now he looks like a b/w Beagle!! This 8 lb, b/w, 4 yr "old soul" came from the Carson Shelter totally shut down. His sad eyes tell the whole story...we can only imagine what he has been thru. The picture below shows you what he looked like in the shelter before he was shaved!

It just melted our hearts when recently we saw him wandering around holding on to a toy! Then he made the cutest sounds...this boy just wants to love and get love. He gives sweet kisses to tell you how much he appreciates your attention. Right now, he is very calm and laid back and just beginning to blossom. We'll keep you posted, but this shy boy will open your heart and those brown eyes will tell YOU what you need to know! Another dog in the home would be ideal...and gentle kids over 8 yrs old to

pamper Mr. Miyagi and play with him would be wonderful. He aims to please...do you have space in your heart for this angel?
