HERE'S OLAF...and no, he didn't just arrive from "Frozen" – in fact, he's about the warmest pup you have ever met! This 2 yr old, 10 lb, black and white Shih Tzu is just as sweet as he is cute! He came from the Lancaster shelter, with a hernia and extra toes! We took care of that post haste! You better like being kissed, because Olaf won't have it any other way! He is very curious, very people and dog oriented and would love to have a family who would hang out with him, bring him to brunch...or take him for hikes! He loves to go out and be a social butterfly! A house with a yard would be great for Olaf and assist in his training, which is going well. If you want a great best friend and a companion for life...consider Olaf. He's your boy!
