

Ringo

Breed: Poodle Mix

Age: 3.5 yrs

Sex: Male

Weight: 14 lbs

MEET RINGO...and while he is not the typical dog we rescue, he was so matted, and had to be so uncomfortable, we couldn't resist! We are sooooo happy we pulled this 14 lb, 3.5 yr old, tan and black poodley boy! Why his owner dumped him in the shelter, we can't figure out...her loss is our gain (or yours!) He couldn't be cuter or funnier or sweeter if he were an ice cream pie! Ringo will come and greet you with a toy in his mouth! He also actually fetches! He is good with his potty training, using a pp pad when necessary and he is great on walks! He is wonderful with other dogs, but we don't think he really needs one...he just needs YOU! He will give you gentle kisses to show you his appreciation. He is gentle but assertive and all he wants to do is please you and play! He is actually

more active than we first believed and he loves adventures to the park and out with other dogs and friends. He would be great with children...he would be great with a human who wants a constant companion or even as a hospice visitor! He makes everyone feel loved and adored! Kids over 8 yrs old welcomed. We can't think of a single negative thing about Ringo...I'll bet he even plays a mean drum solo~!!! On your heart, for sure! Does Ringo sound like a pup you could love??
