MEET ROBBIE….and his "tongue!" Wherever Robbie goes, his little tongue peeks out of his mouth and comes along!! This 15 lb, tan/white with black tips, 4-5 yr old Shih Tzu hails from the Apple Valley Shelter. We're not sure why he didn't get adopted, but we are very happy that he came to LHH to find his perfect, forever home! Robbie was a perfect gentleman when he arrived…wonderful temperament, sweet as he can be and he has one favorite toy he carries with him as his "bankie." He is good with everyone…including babies… but the minimum age of kids to adopt is 5 yrs old. He loves people of all types and he loves other dogs. He bonds to you very quickly and wants to be part of your pack. He is quiet, happy and pretty turn-key for a rescue dog. He would be great as a first dog…but you may need

to help him with his potty training. Robbie is a smart boy who longs to please. He would be pleased if you adopted him!!
