THIS IS SASHA....a stunning, tan with a black mask, long eyelashed, 4.5 yr old, 15 lb purebred Shih Tzu. Sasha has been loved since the day she was born, and her mom did not want to let go of her. But unfortunate circumstances left her and her daughter (who has MS) homeless...and they wanted what was best for Sasha. We don't typically accept owner surrendered dogs...but Sasha was a special case. She is adapting well, loves to cuddle, loves being around the other dogs, although she hasn't started playing yet. She will follow you all around, but she can also be a little independent. Sasha loves to go for walks and so far has done her business outside (but she is also trained to go on PP pads). This little lady comes with a complete wardrobe of clothes! She loves to dress up and be

girly. Sasha needs a home where she will be treasured and loved, and we will settle for no less. This is a special girl who deserves a special home, with friends, family and lots of love. Do you think that home might be yours? ***PLEASE NOTE THAT SASHA WILL NOT BE AVAILABLE UNTIL JULY 19TH.***
