**Breed: Poodle X**

**Age: 1.5-2 yr**

**Sex: Male**

**Weight: 15 lbs**

HERE'S SHADOW...was found running the streets downtown with his buddy, Dexter. Boy were they a mess! This adorable 1-2 yr old, 15 lb, Poodle X, with a beautiful, shiny, black velvet coat, is lucky to be alive. He was so dirty, full of fleas and ticks and matted to the bone, we really wanted to find his owners and give them a piece of our mind! It's obvious that this little man craves love and attention and can't get enough!

He is a busy little guy who needs obedience training to be a model citizen! He is kissy and hilarious when he runs after a toy, gets there, and has no idea what to do with it! He will need potty training, as we believe he could have been an outside dog...but he is getting it. We decided he does not need to go

with Dexter (his street gang buddy) – he gets along with everyone, even dogs bigger than him!! and kids over 8 yrs old would be wonderful! Shadow needs a backyard and a family who will spend time with him and give him a lot of attention. He LOVES other dogs and it is hilarious watching him kiss them! This is the perfect dog to go hiking with, as he needs to be exercised. He would not be good in a sedate family. His kisses are abundant and so is his love. He is a young dog who needs an active home and he will be a great pup. Unfortunately, it is very difficult photographing a black dog!! Shadow is so much cuter in person! Are you up for having a shadow follow you everywhere? Please come and meet him...you won't regret it!
