Steffi

Breed: Shih Tzu

Age: 8-9 yrs

Sex: Female

Weight: 12 lbs

MEET STEFFI….a precious, tri colored, 8-9 yrs young, Shih Tzu, who hailed from the streets of San Bernardino, much to her displeasure! She was found abandoned in a house after her family moved…who does that? Steffi was in rough shape when she arrived and needed time to decompress. This little girl still has a bit of energy! She loves her walks and has a "jig" to her step! She loves playing with our puppy, Nicholas! So cute to watch. We thought she was potty trained, as she does her business on walks…but she has had an accident or two. She would do great on a schedule and should be fine with a "refresher course!" Outside access would be a plus! Senior dogs are the best, and Steffi just needs a home to love her. A mature home wanting a lap dog is exactly what she is longing for! Small

dogs live long lives and this little lady has had lab work done, her teeth cleaned, and the vet given his “thumbs up” that she is ready for her forever home. She’s in great health! If you have a warm lap available, she’d like to check in immediately!!
