

Sylvie

Breed: Terripoo

Age: 5-6 yrs

Sex: Female

Weight: 15 lbs (overweight)

MEET SYLVIE – an adorable tricolor, 5-6 yr old, 15-lb (but could stand to lose a pound or two) Terripoo mix (with a smidgen of Yorkie) with mismatched ears! She came to us with an extremely large lipoma (fatty tumor) on her chest, which we had removed and was found to be benign. Sylvie loves her naps on the couch, but also enjoys playing with the other dogs. She will lay in a dog bed and chew on toys by herself or will happily play with you. She will give kisses and loves to be petted and talked to. She is a sweet, loving, quiet girl. She eagerly greets you with her wiggly tail and little licks when you come home. She loves to walk and is good on a leash. Her little legs are short, so she takes a walk around the block and she is ready for a nap! She would be okay with respectful kids (8 years old and up, please). She is not one to roughhouse. Sylvie seems to be house-trained in her foster home, but we never guarantee. Do

you have room in your heart for this cutie pie?
