MEET TANNER...an absolutely dapper, golden with a black mask, 1.5-2 yr old, 15 lb, Lhasa Apso dude who had no business being in the shelter! Five people put their names on this little guy [to take him home] but despite phone calls to let them know he was ready, nobody showed up for him! 10 days were 10 days too long for him to sit in the shelter. He was meant to come home with us...and now, he's ready to come home to you! Every time you look at his face, it makes you smile from ear to ear.

Tanner is wonderful with everyone. He was a little shy at first, but truly responds to love...which we believe he was lacking in his previous home. Who could let go of this angel?

He is great on the leash, in the car, with people, with kids, and he LOVES other dogs. He definitely should go to a home

where there is another canine for him to play with. He is still opening up and showing his personality. We'll report more when we learn more about him!
