

Tater Tot

Breed: Shih Tzu

Age: 5 yrs old

Sex: Male

Weight: 7.5 lbs

THIS IS TATER TOT...and he may be diminutive at only 7.5 lbs, but he has a big personality! He came from South Central Shelter nearly emaciated and his right eye had been removed from a previous injury. But that doesn't stop him for a second! This petite, charcoal colored, 5 yr old, Shih Tzu, is active, happy, playful and good with everyone! Tater Tot is a kissy face angel who just loves being with his persons. He is playful with other dogs, but seems to be very people oriented and will hang out with you, or other dogs, being his easy going self. He seems to be potty trained with outside access, but no guarantees at your house. Our vet thought he was 5-6 yrs old but he plays like a puppy! Doesn't seem real interested in toys, but he just arrived and is still getting settled. Tater is really small, so

kids over 10 yrs old would be okay, but he might like being your snuggle buddy! He's the type of dog who could go into almost any home except one where he would be left all alone. He's a love...and deserves the best. Can you give that to him?
