Uber & Lyft

Breed: Pomeranian – Morkie

Age: 2 yrs – 3 yrs

Sex: Pair (one male, one female)

Weight: 6 lbs – 8 lbs

THIS IS UBER and LYFT – and they will be driving you crazy with cuteness!! Uber is a tiny, ~7 lb, red, 3 yr old Pomeranian; Lyft is an 8.6 lb, cream colored, 2 yr old Morkie. They were found in an abandoned building near offices and nobody claimed them, despite flyers and pictures posted everywhere. They were both intact, without collars. tags or microchips We kept them over a month, looking for their home, but none to be found. One thing we can tell you an absolute must… THEY ARE A BONDED PAIR AND THEY WILL NOT BE SPLIT UP…so please don't ask! Uber chrips like a bird when you separate them, but settles down! Boy, do they love each other! They had to both sit on my lap driving home from the groomer. They are both very well behaved…and very gentle for young dogs. They will need a refresher course on

potty training, but Lyft is better than Uber…and now that Uber has been neutered, he's getting much better! They now know how to use a doggie door!! For the most part they are quiet…but if you are within vision distance and you put them "away" they will bark (but it sounds like an unhappy bird!) They seem to be fine if they are left for a little while, they do settle down. They just love to play and love on each other. They LOVE to cuddle and snuggle with you and together. They do walk well on a leash but they aren't really sure that they are supposed to be doing – but they are learning! So, we recommend a home with a yard, kids over 8 yrs old, a family who just want two fluff bunnies to love….and lots of toys!
