**MEET VALLI...our "Yankee Doodle Dandy"!! You say you want a doodle? Well, you don't have to go to a breeder to get one...she's right here! Valli is a 7 lb, 1 yr old, silver/brown/black masked Yorkie/Poodle, who couldn't be more adorable if she tried! This little girl is so affectionate and she loves everyone she comes in contact with. She came from the streets of San Bernardino and we have no idea why her owners never came for her. She had never been groomed when we got her...now she's a little babydoll. She is 100% puppy, so be prepared! We are teaching her how to walk on the leash and working on the potty training, but she is very smart and wants to please so she has been easy to train. For the most part, she is quiet, but she will chime in with the chorus if you have more**

than one dog! She will bark once or twice but is NOT a yapper! She might bark at the TV is something comes on that strikes her fancy! It is definitely not annoying; if anything, it is cute/funny. The ideal home for Valli is one where she will not be left alone all day, has another small, active, playful dog in the house and kids over 8 yrs old. She would not be appropriate for a senior, as she is under feet all the time (and follows you around). She still likes to nibble on your fingers and toes! Everything about Valli is adorable, no kidding! Can you handle an overload of cuteness? Come and get her!
